ASSESSMENTS

Congratulations to all who participated in Assessments!

Ballet Students in levels 4, 5, 6 & 7 participated in an annual assessment classes in early April. Each level worked for 2-3 weeks to prepare and rehearse their barre work, and exercises for the centre and pointe, all of which reflected the progress that they've made throughout the year. Each level performed their class for a panel of CCBDC teachers, and in the last week of classes, each student will receive an assessment review sheet, containing constructive

comments and placement information for next Fall.

The assessment process benefits everyone involved: it is an excellent opportunity for students to review their skills in a semi-formal setting, and to receive feedback about their work. It also gives the teaching staff a chance to get to know the dancers in ALL of the levels- especially the ones that they don't often teach. It also gives the instructors a chance to evaluate the past year's progress for both the individuals and the class as a whole.

We want to express to EVERYONE who participated in Assessments, our gratitude and pride! Thanks to each of the dancers for your talent and dedication.. Thanks to our parents for supporting your students love of dance! Thanks to all of the office staff, instructors and Board of Directors members who helped make the process possible. It was a very exciting week. We enjoyed watching each of you, and we are very proud of what we do here at CCB DC. We hope you are proud too!
